

SUPPORTING THROUGH EDUCATION IN CAMBODIA

Having visited this beautiful part of the world these wonderful, innocent children are firmly rooted within our hearts.

The initiative taken by **Alan Montanaro** and The **Drama Outreach Project** members struck a chord and our firm commitment to contribute towards making a better life for Cambodia's street children has become a reality!

A little goes a long, long way

lingua Malta's purchase of a tuk tuk will help to transport the orphans and the street children of Phnom Penh to and from Le Restaurant des Enfants (LRDE), the restaurant where they can get a hearty meal and some relief from their tough street life.

Thank you **DO CAMBODIA** for giving us the opportunity to be part of this wonderful initiative!
